Art Unit: 1742

1. Receipt of the papers filed on July 12, 2004, are acknowledged. Claims 1-32 are pending.

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The Agarwala et al patent is directed to a corrosivity sensor. The sensor includes interdigitated electrodes. Agarwala et al does not teach or suggest the inclusion of interdigitated electrodes in an electrochemical gas generator as claimed by applicant.

### **REASONS FOR ALLOWANCE**

3. The following is an examiner's statement of reasons for allowance: Applicant's Remarks have been carefully considered and are found to be persuasive. At page 9 of the Remarks, applicant states that "Murphy teaches away from Applicants' claimed invention by increasing gas generation whereas Applicants' coating reduces or fixes the amount, degree, or rate of flooding." The limitation in claims 13 and 23 reciting "a coating deposited on a surface of an electrolytic material for regulating an amount of gas generated" is interpreted in accordance with applicant's Remarks. The Remarks are consistent with paragraph [0041] of the specification. This paragraph explains that "Coating 82 acts as a barrier between solution 84

and electrolytic material 30 for reducing flooding by controlling the amount of solution 84 in contact with electrolytic material 30."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to William T. Leader whose telephone number is 571-272-1245. The examiner can normally be reached on Mondays-Thursdays and alternate Fridays, 7:30-4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Roy King can be reached on 571-272-1244. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
